Allowable Subject Matter

1. Claims 1-27 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1-27 are allowable over the prior art of record because the prior art of record fails to teach or suggest a system providing one or more votes to a computer within the plurality of computers that is attempting to form a quorum, and uses a quorum server that is located at a site that is geographically separate from all computers within the plurality of computers as argued by applicant in the response filed on July 27, 2005 on page 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information Disclosure Statement

3. The examiner did not consider the Foreign Patent Document WO 00/58224 because the field of endeavor is inappropriate for the present application, i.e. this application has not correlation to "Reactor for Cleaning and Disinfecting Aquatic Media". In the examiner's opinion there is a typographical error in the patent number.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patrice Winder whose telephone number is 571-272-3935. The examiner can normally be reached on Monday-Friday, 10:30 am-7:00 pm.
